Empowering You with Cutting-Edge, Affordable Tech Solutions

We support businesses and startups in growing their operations through high-quality refurbished laptops, desktops, and essential accessories — all at unbeatable prices. In addition to products, we offer quality tech support and upgrade solutions that cater to your business's needs. Whether you're expanding your team or establishing a new office, we ensure your technology is powerful, affordable, and hassle-free.

Based in Lamington Road — the heart of Mumbai's electronics and tech trading hub — Zelectronics gives startups and SMEs direct access to quality hardware without reseller markups.

Our Commitment

Every device that leaves Zelectronics is tested, certified, and warrantied. Every client — whether a two-person startup or an enterprise placing a bulk order — gets the same priority support and transparent pricing.

6-MONTH WARRANTY	GST INVOICED	BULK ORDERS WELCOME	ON-SITE SUPPORT
---------------------	-----------------	------------------------	--------------------

■ Refurbished & Brand-New Laptops

High-performance laptops at prices that actually make sense. Every refurbished device is thoroughly tested, optimized, and backed with warranty — perfect for students, professionals, and businesses who want premium performance without the premium price tag.

■ Customizable Desktops

Build a desktop that fits your workload, not the other way around. Choose your processor, RAM, storage, and graphics — for office productivity, heavy multitasking, or budget-friendly setups — with full control, transparent pricing, and expert assembly.

■ Desktop Accessories

Reliable and affordable accessories to keep your systems running smoothly — RAM, SSDs, hard drives, keyboards, mice, adapters, and more — quality-tested and priced below market.

■ Custom PC Assembly

We build PCs based on your exact requirements — gaming, office, workstation, or enterprise use — assembled and tested before they reach you.

■ Annual Maintenance Contract (AMC)

Our AMC plans keep your systems running smoothly all year round with proactive maintenance and support — ideal for businesses that can't afford downtime.

■ Network & Office Setup

We design and deploy reliable network infrastructure for offices of all sizes, ensuring secure connectivity and smooth day-to-day operations.

■ On-Site Tech Support

Our technicians provide reliable on-site assistance for hardware, software, and network issues — minimizing downtime and keeping your systems operational.

01 6-Month Warranty on All Devices

Every refurbished laptop and desktop we sell comes with a 6-month warranty. We thoroughly inspect and certify each product to guarantee reliability and performance.

02 Priority Support for Startups & SMEs

We understand the fast-paced needs of startups and small businesses. Our support is always ready to assist with quick resolutions and after-sales service.

03 Best Market Prices

Located in the heart of Mumbai's tech hub, Lamington Road, we offer prices you won't find even on major e-commerce platforms — top-quality tech equipment without breaking your budget.

Bulk Orders for Enterprises

Ordering for a team, office, or large-scale deployment? We specialize in bulk orders for companies, startups, and enterprises — with competitive, negotiable pricing based on volume and exclusive bulk discounts. Devices, accessories, or custom configurations: we ensure consistent quality and reliable support at scale.

GST invoices provided on all orders, so businesses can claim input tax credit.
